

Why consider Lendwise

We believe in the **potential created by education** and place considerable emphasis on education-related variables to evaluate your application rather than focusing solely on your credit profile.

We offer competitive rates funded by a peer-to-peer model dedicated to education finance so your interest rate is individually tailored to your overall profile, length of study and repayment period.

Our interest rates are fixed so a borrower knows the amount of each repayment in advance to allow for better financial budgeting. The Lendwise loan can be operated fully online although we are a phone call away should you need any assistance.
